

KOPRI Arctic Science Fellowship Program

Application Guidelines

As one of Korea Polar Research Institute's initiatives to promote research collaboration in the Arctic, the fellowship program utilizes KOPRI's infrastructure and capacity to provide future generation Arctic researchers with networking and research opportunities.

KOPRI invites prospective candidates to take part in the "KOPRI Arctic Science Fellowship Program", and actively engage in polar sciences.

Application and Supporting Documents

A. Application form

Please fill out the "Application Form for the Asian Polar Science Fellowship Program", attached to the Application Guidelines.

B. Research proposal (free form)

The research proposal should describe your research plan during your stay in KOPRI. Please make sure to include the project title, present research related to the research plan, research purpose, proposed plan, and expected results and impacts. Explain how your research at KOPRI could fit with KOPRI's research focus and how it will enhance your professional development.

A summary of the proposal should be included in the Application Form (item 11).

C. Home institute agreement (free form)

The Home institute agreement should be issued from your current affiliation.

D. Letter of recommendation

A letter of recommendation from your faculty advisor or supervisor should be submitted together with the Application.
